## **Individual Appointments:**

Your appointment time is reserved especially for you. We completely understand that life can be unpredictable—but please remember that our service providers' income depends on guests keeping their appointments.

We kindly ask for at least **24 hours' notice** if you need to cancel or reschedule. This allows us time to offer the spot to another guest and ensures our providers don't experience unnecessary income loss.

Guests who **cancel with less than 24 hours' notice** or **miss their appointments without notice** may be required to pay a deposit of **50% of the scheduled service cost** when booking future appointments.

## **Wedding & Spa Party Reservations:**

Since our providers are in high demand, we advise you to book as soon as possible for wedding & spa parties. There is a **50% deposit required at time of scheduling your party**. A credit/debit card must be provided for reservation and deposit.

If you need to cancel your party, a **minimum of 48 hours notice** must be given before the day of reservation and your 50% deposit will be refunded. If a 48 hour notice for cancellation is not given or the party does not show for their reserved time, **there will be no refund given for the 50% deposit**.

### **Microneedling**

Also known as "skin needling", is a minimally invasive aesthetics treatment that harnesses your skin's innate healing powers to improve its health and appearance. It involves using a device with fine needles to create tiny punctures in the skin. This process stimulates the body's natural healing response, boosting collagen and elastin production.

Single Treatment -	\$300.00	3 Treatment Pack -	\$800.00
Neck Add-On -	\$75.00	Chest Add-On -	\$75.00

### **Nano-channeling**

Also known as nano-needling, is a non-invasive skin treatment that uses microscopic silicone tips to create nano-channels in the skin. Unlike microneedling, which penetrates deeper into the dermis, nano-channeling only affects the outermost layer of the skin (the epidermis). It is a gentler alternative to microneedling, making it suitable for sensitive skin and more frequent treatments. It's a wonderful add-on to our customized facials, peels, dermaplaning, or microdermabrasion services!
